CHAIRMAN'S MESSAGE

Dr. Zakir Hussain, M.A., MPhil, PGDM, BJMC, LL.B., Ph.D.
CHAIRMAN & MANAGING TRUSTEE

Dear Student,

In the era technological transformation in the field of pharmacy, there is an ever increasing need for high quality education and research institutions for producing highly trained professionals. NEF College of Pharmaceutical Education & Research, Nagaon has been established with the sole aim of producing next generation pharmaceutical professionals and it shall strive towards fulfilling it.

We at NEF strive to build and boost the physical, intellectual and psychological strengths of the students so that they are better equipped to deal with the real life challenges. With a pool of highly qualified and dedicated faculty members, students are offered the necessary guidance, knowledge and emotional support needed to sail through the thickest of waters and come out successful.

As a Chairman of NEF Trust, I anticipate full co-operation of the student fraternity and their guardians in this noble endeavor of ours. This would go a long way in realizing our dreams and encourage us to work with renewed vigour and enthusiasm and come up with more such ventures to continue serving the society. Achieving perfection is always a continuous journey of efforts towards it. As such I look forward to your valued suggestions to transform this College to a centre of excellence.

I am sure when you join this College you will become a part of this glorious tradition of growth and excellence.

Sincerely yours

(Dr. Zakir Hussain)
Chairman

DEAN'S(ACADEMICS) MESSAGE

Prof. Md. Nurul Hoque
DEAN OF ACADEMICS

Dear Student,

When unknown diseases wreak havoc upon people and countries, pharmacists stand at the frontline, leading the medical effort to find means and ways for actual treatments.

Their thorough knowledge of drugs, formulations, dosages, and effects provide a guiding light to doctors, helping them treat patients more effectively.

Trained pharmacists, therefore, play a vital role in the medical world, and the pharmaceutical education received at the NEFCPER prepares them for this noble purpose.

The NEFCPER approach to teaching, moulds students as independent thinkers and active learners. Together with knowledgeable and attentive faculty members, students are able to lay the foundation for lifelong learning.

This progressive approach to education helps to develop critical thinking and emphasises practical application to ensure a smooth transition from academics to a career in pharmaceuticals. In addition to a comprehensive education, NEFCPER ensures that students are groomed as confident individual equipped to take on any challenge in their personal and professional lives. The seminars and workshops are regularly organised which in turn help develop leadership skills and keep students up to date with the latest invention in their field. Students thus stand at the forefront of pharmacy and healthcare, whether in drug formulation and development, community practice, academic research or government service.

I extend a very warm welcome to the next generation of pharmacists.

Welcome to the NEFCPER family.

(Prof. Md. Nurul Hoque)

Dean of Academics

PRINCIPAL'S MESSAGE

Prof. (Dr.) Debaprotim Dasgupta, B. Pharm. (Gold Medelist), M. Pharm., Ph.D. (GU).
PRINCIPAL

Dear Student,

Welcome to NEF College of Pharmaceutical Education and Research, Nagaon (NEFCPER). I heartily congratulate you for opting Pharmacy as trajectory to shape up your professional career and personal lives.

Pharmacy as a profession comprises as an integral part of health care system in India and across the globe. It has expanded multifold and set new trends with respect to the Indian education system and career opportunities which lie therein. Pharmacy as a profession enjoys an egalitarian position amongst the other professional courses of the Higher education system in India. The pharmacy profession is undergoing a rapid change. From a Production and Quality Control Chemist earlier, the Pharmacist today is emerging as a Health Care Professional, being involved not only in the safe and efficacious manufacture of drugs and pharmaceuticals, but also in newer profiles demanding their discovery, development, clinical research and community. Simultaneously, a need for high quality standard of drugs and pharmaceuticals comes from the emergence of resistant infections, newer disease conditions and a deeper knowledge of biological and immunological processes. The increased competition to deliver such measures has resulted in fast developing technologies too, that have revolutionized the Pharmacy profession with a large socio-economic relevance to the Indian economy. The need of the hour is then additional trained and skilled manpower. With this objective in mind the National Education Foundation Trust established NEF College of Pharmaceutical Education and Research (NEFCPER) at Nagaon District of Assam in the year 2020. Though in its nascent stages, the Institute is well equipped and complies with all requirements of the Medical Education & Research Development, Government of Assam and Srimanta Sankaradeva University of Health Sciences (SSUHS), Assam. The Institute is approved by Pharmacy Council of India (PCI) (A Statutory Body under Ministry of Health and Family Welfare, New Delhi) for the purpose of registration as a Pharmacist.

NEFCPER is located in an idyllic ambiance for academic activity, has excellent infrastructure and an experienced and dedicated team of faculty. Training and nurturing Pharmacists for the future is what we at NEFCPER concentrate on. Along with the regular syllabus prescribed by the SSUHS, our academic program also encompasses a series of guest lectures, industrial visits and workshops from professionals in the Pharmaceutical Industry, who keep our students, updated with the current technologies and enlighten them of the various avenues in the pharmaceutical industry thus preparing them for the corporate world of Pharmaceuticals. At the same time we also encourage our students to participate in various extracurricular activities to nurture their overall development.

I wish every student joining us a bright and prosperous future as a PHARMACIST!

[Prof. (Dr.) Debaprotim Dasgupta]
